PURPOSE:
The Committee is charged with developing and successfully implementing a statewide event that assists Massachusetts families with the first step in applying for financial aid for college – completing the FAFSA. The target demographics for these free services include low-income, first-generation and underserved prospective college students and their families. The current structure for the operational plan calls for the coordination of a network of host sites at key locations around the state.

Each site will be sufficiently staffed with experienced volunteers from MASFAA and partner organizations. Families will be able to obtain comprehensive instruction on FAFSA completion at each site and be able to discuss all aspects of the financial aid application process as it pertains to their unique needs. Most sites will offer services to help families complete the actual FAFSA.

A comprehensive grassroots promotional campaign including direct mail, presentations, and email, will precede the FAFSA Day events. The events will serve to increase college access among targeted families by assisting them in successfully completing the FAFSA and equipping them with a thorough understanding of the sources of available financial aid.

2014-2015 OBJECTIVES:

1. Re-format all print promotional materials to remove specific dates, times and years to allow use over multiple years. All publications will direct traffic to the FAFSADay.org website, where the most current information will be available. Increase our marketing efforts within social media channels and other means of reaching our target audience.

2. Survey the MASFAA membership to determine how many students are already being served by other FAFSA completion events. Find ways to collaborate with these events to have a better overall picture of how well our students are being assisted with FAFSA completion statewide.

3. In accordance with a nationwide initiative, participate in one or more Massachusetts College Application Campaign (MCAC) events, in an effort to connect the attendees of MCAC to FAFSA Day.

4. Since last year’s attempt at establishing a webinar was never launched, we will renew our objective this year of developing a webinar and/or video that may be utilized by individuals who are unable to attend a FAFSA Day event in person.

MONTHLY REPORT: AUGUST 2014

◆ Kelly attended the USA Funds College Goal Sunday national forum in June in Charleston, SC. It was a valuable opportunity to learn what other states across the country are doing.

◆ 2015 sites are nearly finalized, we have added two new sites at Quincy College and Attleboro High School and have lost two sites at Northern Essex Community College and Fisher College, North Attleboro.

◆ Publications will soon be available for distribution and the website will be open for volunteer and attendee registration in October.

◆ The first meeting for Site Coordinators will take place on October 28 at Fitchburg State University.

MONTHLY REPORT: SEPTEMBER 2014

◆ The FAFSADay.org website is open and available for volunteers and attendees to register.
MASFAA Monthly Committee Report: Name of Committee

- 29 sites have been finalized, with additional locations still being added.
- An email was sent to the MASFAA membership to identify any schools or organizations that are offering their own FAFSA completion events. The FAFSA Day committee will attempt to support these activities with materials and promotion, if desired. This action was taken in an effort to better quantify the extent to which students are receiving FAFSA completion assistance statewide.
- The marketing steering committee is proactively contacting community-based organizations to promote FAFSA Day.
