PURPOSE:

The purpose of the Early Awareness and Outreach Committee is to be engaged with financial aid administrators in the state to promote early college planning initiatives at the middle school and high school levels with the knowledge that the cost of college is the greatest challenge for underrepresented and low-income populations. We also act as an early awareness and financial aid resource for MASFAA members as well as high school and college preparation counselors so that they may remain educated, engaged, and effective as professionals.

2012-2013 OBJECTIVES:

1. To create new and strengthen current MASFAA partnerships with community leaders, officials and citizens which serve the communities of Massachusetts.

2. To continue and improve our efforts at collaborating with Massachusetts School Counselors Association, Gear Up, American Student Assistance, MEFA, and the Massachusetts Office of Student Financial Aid to promote early awareness of financial aid and college access.

3. To increase our involvement in the National Training for Counselors and Mentors (NT4CM), an annual training program designed to provide counselors and mentors with professional resources
that will help them more effectively advise high school students and families about how to prepare financially for college, to engage with MASCA.

4. To continue to develop a pilot program that will:

a. Provide financial literacy and awareness of the financial aid process to High School College Preparation counselor(s) and students through presentation/workshops.

b. Establish direct line of communication with High School College Preparation/Guidance counselor(s) with specific low income area high schools.

5. To continue to develop, improve and implement two annual Carnival of Learning events serving an approximate total of 120-140 Middle School students in different communities around the Commonwealth of Massachusetts by offering high quality early awareness programs.

6. To increase financial literacy and financial aid awareness to the parents of the middle school students who participate in the Carnival of Learning event by creating a complementary financial literacy workshop.

7. To encourage MASFAA members to volunteer at the Carnival of Learning Events without active commitment to the committee.

8. To increase the presence of MASFAA and the EA&O Committee across all of Massachusetts.

9. To improve the quality and content of our EA&O webpage.

2012-2013 MASFAA GOALS:

- Advance the Art and Science of our Profession
  - with students, families, on and off-campus colleagues, faculty and administration, elected and governmental officials

- Increase engagement of members

MONTHLY REPORT: MARCH 2013
Committee had a conference call on Thursday, February 14th

Spring COL - Umana Academy doesn't have the capacity to host the entire 8th grade class at once, and the committee felt that it would be too difficult for both committee members and school participants to host two carnivals in one day.

We have 7 confirmed school participants:
- NEU – STEM
- Babson – Business
- MIT – Chemistry
- MCC – Environmental Science
- Empire Beauty School - Cosmetology
- Boston College – School of Education
- Fisher – International relations

MassBay also volunteered, but we do not have enough space for 8 schools. We have asked if they will be a back-up.

We are in the process of getting the volunteers' contact info in order to issue stipends.

Umana will be providing the tables for the event.

We will be reaching out to parents via Umana's GEAR Up staff to invite them to a parent presentation during Carnival.

We have confirmed with at least 1 GEAR Up alumni who will speak at the COL; we plan on getting one more volunteer.

As part of the ESDC pilot, we will assist the Enrollment Leadership Academy for College Board by presenting a financial aid workshop on Saturday April 6th for the "Let's Get Ready" program in Boston. LGR helps first-generation, low-income and/or minority students prepare for and transition to college.

Our next meeting will be held the week of March 18; exact date TBD

MONTHLY REPORT: FEBRUARY 2013

Committee met on Thursday, January 17 to plan out our Spring Carnival at Umana Academy
- April 4th, 11 a.m – 3:15

Umana would like us to accommodate the entire 8th grade class (approx. 120 students), if possible
- We told them we would like to if we can, but will depend on how many school participants we can have
- Want to keep the groups of students to 10 or less so that they can get something out of Carnival

Delegated the responsibility of inviting schools to participate to committee members; each member will be contacting at least one school

Revised the school invitation letter and sent out to committee members to use when contacting schools

Confirmed participants:
- Babson
- MCC
- Empire Beauty School

*Will discuss the presence of for-profit schools at COL

Reaching out to:
Planning to have a parent session at COL
  • Creating invitation and RSVP to send to parents
Discussed creating a back-up table to be run by committee member(s) in case we can't get enough school participants
  • Career building/ "My first resume" activity
Committee members will also be contacting local organizations to solicit donations
It came to our attention that Lawrence Middle School is planning their own Carnival of Learning without us. Since we do not have the resources to do more than 2 Carnivals a year, we support their decision to do their own; however, we have asked that they use a different name, since the "Carnival of Learning" is a NASFAA event.
ESDC information has been updated on our website
Tanya has resigned from the committee (at least, that's what she thinks).
Next meeting is scheduled for February 14th.

    Middlesex Community College
    Geology

  • Parent Financial Literacy program – Semi Successful
    WEMS inviting about ten parents to COL, only one pair of parents attended.
    The parents toured and observe the COL event as spectators and then attended a separate workshop presented by Julie Shields-Rutyna about saving and paying for college. Take-home materials were provided to the parents and additional materials were left at WEMS for distribution to parents.
Financial Literacy booth was another success with the students. Due to the far proximity between Worcester and Boston, it was decided that the Northeastern University Basketball admissions tickets were not to be raffled off as prizes to the students. We were not able to obtain any donated admission tickets to the Worcester Sharks sporting event as planned. A couple of donated sweaters from BU, a scarf from SNHU and a couple of other donated items were provided as raffle prizes.

Iris Godes was our guest of honor.

An additional tab/page has been incorporated to our EA&O webpage to show case our Educating Sense to Dollars for College (ESDC) pilot program. The page is still under construction. Members are currently working with our technology liaison on the content of the page. We expect the page to be up shortly.

Preparations are underway for Spring COL. Umana Academy in East Boston will be hosting spring COL. An exact date has not been determined. Late March or the first week in April is the target.
